

Hi all!

My name is Depesh, and I am a salaried/portfolio GP at Pool Medical Centre in Studley, working within the South Arden PCN. I love music, films, health and most importantly family time!

I am keen to explore my role of Health & Wellbeing champion by trying to advocate some of my own lifestyle to help other staff and hopefully learn more along the way!

I am looking forward to championing wellbeing across my practice and PCN to improve awareness, empowerment and involvement. I am most excited to attempt to organise some events to increase networking and team building.

I can be contacted via email on [depesh.chauhan1@nhs.net](mailto:depesh.chauhan1@nhs.net) for any questions on health and wellbeing and I look forward to meeting some of you soon!

Best Wishes

Depesh :)
